Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for Puerto Rico Highways and Transportation Authorities project #2 in the surface transportation reauthorization legislation.

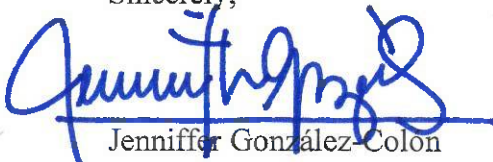

The project sponsor is the Puerto Rico Highways and Transportation Authority and is located in the municipality of Gurabo.

The funding is designated for the reconstruction of highway PR-181, from Km 38.6 to Km 55.0.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: improve the surface of the road while also enhancing safety devices that pose a safety hazard to daily travelers. Included in the project will be retroreflective signage, retaining walls to combat degradation, concrete barriers for safety, and sidewalks for pedestrians.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

  
Jenniffer González-Colón  
Member of Congress
