Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for Puerto Rico Highways and Transportation Authorities project #3 in the surface transportation reauthorization legislation.

The project sponsor is the Puerto Rico Highways and Transportation Authority and the project is located in the municipality of Bayamón.

The funding is designated for geometric improvements to state roads PR-2 and PR-6.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: adding grade separated turning movements and additional travel lanes that will improve the traffic operation of the intersections. Safety will also be increased by adding new signage, traffic signal improvements, pavement markings, and lighting system. Additionally, the relocation of existing bus stops, existing utilities, and pedestrian infrastructure will occur. And lastly, this project will reduce and mitigate congestion in the area.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jenniffer González-Colón
Member of Congress
